CAIRNS WEEKLY NEWSLETTER

Happy Monday

We hope you all had a wonderful (and warm) weekend, and had time to enjoy the fresh snowfall.

1st Monthly Meeting of Spring Semester

Our first spring monthly meeting is this Thursday, January 27 at 7pm in the Grainger Hall Gallery. Please check your Outlook email for a calendar invite, and RSVP with your attendance. We will be wearing masks and socially distancing per Duke's COVID-19 protocols. If you are not feeling well that day, please let us know and take time to stay in your dorm and rest. We will keep you all updated if there are any changes to Duke's meeting protocols.

Our meeting will focus on communicating workplace communication. Sometimes in our professional and academic lives, we will have to have difficult and uncomfortable conversations with those at various levels in an environmental hierarchy. The goal of this monthly meeting is to discuss different approaches and how to prioritize personal wellness during these situations.

Feel free to utilize the following supplemental reading materials for reflection before our meeting.

- [Calling in vs. Calling Out](#)
- [Nicki's presentation on handling uncomfortable moments/managing up](#)

If you have specific questions or topics you'd like to discuss at our meeting, you can send them over through [this anonymous survey](#).

Reconnecting with Mentors/Mentorship Groups

We hope you all have had time to reconnect with your mentor and mentorship group via email or virtually over a phone/video call. If you still have yet to

Having trouble communicating with your mentor or mentorship group leader?
Please notify me (meilin.chan@duke.edu) and Nicki
(nicolette.cagle@duke.edu).

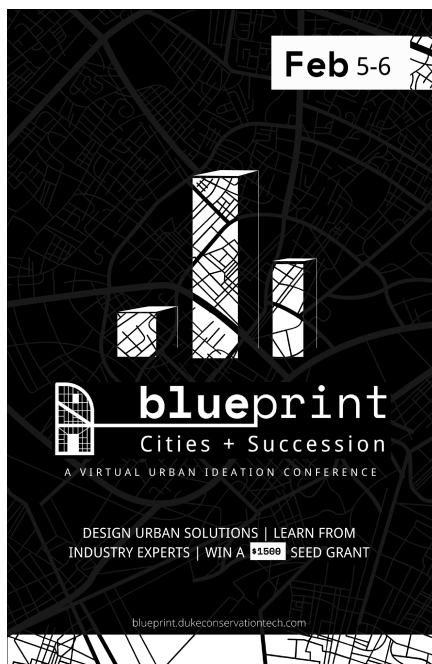

Sustainability Careers Panel

The tentative date for the Sustainability Careers Panel is **Thursday, February 17 at 7pm on Zoom**.

If you feel that something is not working with your mentor or mentorship group, please let me and Nicki know or fill out [this anonymous survey](#).

Blueprint - February 5-6 (virtual)

Participants will be able to learn from urban studies experts and professionals ranging from GIS experts, architects, city planners, environmental justice experts and will compete in teams to design innovative, but feasible solutions to urban problems for the chance to win a \$1500 seed grant to develop their solution. No prior experience is required.
