CAIRNS WEEKLY NEWSLETTER

Happy Monday!

We hope you all had the opportunity to enjoy the beautiful fall weather and the lovely changing leaves.

As you continue to grow your relationship with your mentor and mentorship group, remember that mentorship relationships can look different for each individual. Mentors are great for helping you work on soft skills as well as provide greater perspective on events and stressors in your life. Nicki and I encourage you all to have conversations with your mentor on what you hope to learn about yourself as well as how you hope to grow during your undergraduate career.

Interested in how to break out of the Duke Bubble? Check out the Cohort Bulletin for an opportunity shared by Jeffrey!

Cohort Dinner - This Thursday, November 18 at 7pm (at Broadhead)

Nicki and I will be hosting a CAIRNS dinner this Thursday night. Attendance is *not* required - this dinner is just a chance for us all to spend some quality time together as well as for you all to get a free dinner! If you are interested in joining in, please RSVP on the Outlook Calendar invite. This is a very casual event, so feel free to come and go as you please!

Potential Career Panel - Moving to Spring Semester

Nicki and I have decided to move the career panel into the Spring Semester so that the event won't fall during your last couple weeks of the Fall Semester.

The Nicholas Institute has a [calendar full of events](#) for the upcoming semester! Check out these happening this week:

Policy Perspectives: Low-Carbon Development in Emerging Markets - Thursday, Nov. 18 at 4pm EST

[Jonathan Phillips](#), director of the [James E. Rogers Energy Access Project at Duke](#), will share insights on how climate change is impacting investment in energy systems in low- and middle-income countries and what it means for economic development. Participants will explore how climate finance is being mobilized to support climate mitigation and adaptation goals, get to know key institutional actors, and learn about ramifications for policy.

*****Duke students, this event is SOLD OUT. You can still sign up for the waitlist, and we'll alert you if seats become available.*****
