

# 2017 DUKE WATER SYMPOSIUM Managing Surface-Groundwater Interactions in the South

FRIDAY, MARCH 24 8:30AM- 4:30 PM

DORRIS DUKE CENTER AT SARAH P. DUKE GARDENS

Keynote Speaker:

**James Dalton, U.S. Army Corps of Engineers  
Director of Civil Works**

Introduction by Stephanie Luster, N.C. A&T  
**9:00 -10:00 am**

**Sam Sarkar, Tetra Tech**  
Leveraging Geospatial Data to Inform Landscape  
Level Agricultural BMP Implementation  
**10:00 -10:30 am**

**ReNae Nowicki, EcoHydrologix**  
Groundwater-Fed Isolated Wetlands & Their  
Unique Ecohydrology  
**1:30 -2:00 pm**

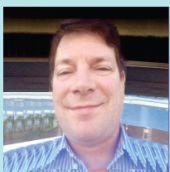

**Caimee Schoenbaechler, Texas Water Devel.**  
Environmental Flows: Lessons Learned from the  
Texas Experience  
**10:30 -11:00 am**

**Nat Wilson, N.C. DEQ**  
Improving Drought Depiction and Achieving  
Water Supply Sustainability in North Carolina  
**2:00 -2:30 pm**

**Nancy Scott, Three Oaks Engineering**  
Expert Panelist  
Panel 1  
**11:00 am- 12:00 pm**

**David Genereux, N.C. State University**  
Nitrate goes in, but when will it come out?  
Groundwater transit times in the NC coastal plain.  
**3:00 -3:30 pm**

**Rick Bolich, N.C. DEQ**  
Natural Attenuation for Remediation of Ground-  
water Contamination & Water Quality Impacts  
**1:00 -1:30 pm**

**Peter Raabe, American Rivers**  
Expert Panelist  
Panel 2  
**3:30 -4:30 pm**
