POSTDOCTORAL OPPORTUNITY
University of Colorado Anschutz Medical Campus

A NIH-funded postdoctoral position is available in the laboratory of Dr. Jared Brown at the University of Colorado Anschutz Medical Campus in the Skaggs School of Pharmacy and Pharmaceutical Sciences. The candidate will direct independent and translational research projects investigating redox and non-redox mechanisms by which key intracellular proteins regulate non-IgE mast cell degranulation in response to various environmental exposures. The ideal candidate would have experience in immunotoxicology, mass spectrometry/proteomics, and/or molecular biology (CRISPR/Cas9, siRNA, etc) as well as excellent written and oral communication skills. Experience with cell culture, animals and human subjects is preferred.

Interested applicants should send a Curriculum Vitae, letter of interest and contact information to Dr. Jared Brown (jared.brown@cuanschutz.edu).
