

# Position Announcement:

## Postdoctoral Fellow

### Lovelace Biomedical

### Albuquerque, New Mexico

The **Lovelace Biomedical Research Institute**, and affiliated companies, is the one nation's largest non-profit research institutes dedicated to performing research leading to the betterment of human health. Based in Albuquerque, New Mexico, Lovelace is committed to the advancement and improvement of public health through a variety of basic, applied and clinical biomedical research.

---

We currently have available the following **Postdoctoral Fellow** opportunity:

The Fellow will train in rare disease animal model research, including gene therapy studies to intervene in rare diseases. This position is part of the Lovelace-NIH partnership to advance techniques in gene therapy and rare diseases research. In particular the program is part of the National Center for the Advancement of Translational Sciences program to establish and refine protocols to advance gene therapies in rare diseases (<https://pave-gt.ncats.nih.gov/>).

The postdoctoral fellow will be responsible for the oversight of program coordination and animal breeding for rare disease animal models, development or adaptation of physiologic or biochemical methods for the characterization of the animal model, and participation of animal pharmacology and toxicology studies to show evaluate pharmacology and toxicity of potential gene therapy candidates.

This opportunity is based in Albuquerque, New Mexico at our 300,000 square feet specialized animal research facility of LBRI. LBRI is the NIH Center for Gene Therapy Pharmacology and Toxicology for the NIH.

#### Requirements

Requires a Ph.D. in Biology, Physiology, Toxicology or related field with 2 years of experience in the field, or an equivalent combination of education, training and/or experience from which comparable knowledge, skills and abilities have been attained.

Preference will be given to candidates who are familiar with animal breeding techniques.

---

**The Lovelace Biomedical Research Institute Family of Companies** offer competitive salaries, generous retirement contributions, and a comprehensive benefits package.
