

**Hello NSOE PhD Students!**

We hope that you, your families, and your communities are doing well during this difficult time. We look forward to being back together on the Durham and Marine Lab campuses as soon as possible. If you have any questions or concerns, about opportunities or otherwise, please do not hesitate to [reach out](#).

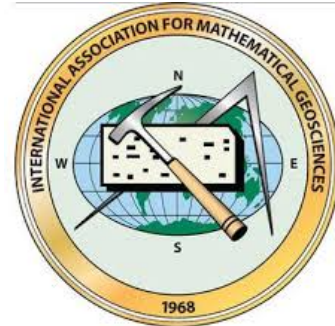

The [NSOE Research Development](#) website provides access to curated lists for funding opportunities for PhD students, as well as access to the intent to submit portal that notifies the business office so that they can support budget development.

Thanks to Danielle Wiggins, Rachel Piccolo and Alexis Sharp you now have a [PhD student newsletter](#) and new Microsoft Teams channels that will enable your programs to keep in touch. Information to follow soon about Teams...

**We miss all of you!!**

**#WeAreDukeEnvironment #DukeStrong**

**FEATURED OPPORTUNITY OF THE MONTH**

**[Computational Geoscience Research Scholarship](#)**

**Due May 31, 2020**

<b>Month:</b> <u>APRIL</u>		<b>Focus</b>			<b>Value</b>
<b>Due</b>	<b>Funding Opportunities</b>	Biological Sciences	Social Science	Physical Sciences	
TBA	<a href="#">[internal]: Duke Fulbright Scholarship process online registration, advisor appts, etc (required)</a>	✓	✓	✓	Varies
