

# MEALS

## ORIENTATION WEEK SPRING 2026

**Be Kind.** Please be kind and leave the vegan and vegetarian options for students who registered for these meal choices.

**Sustainability:** We encourage students to carry and refill their reusable cups, reusable water bottles, and flatware if they have them. Water fountains are available in Grainger Hall and the Levine Science Research Center (LSRC). Trash, compost, and recycling receptacles will be available. Please dispose of waste appropriately.

**Common Areas:** Should you wish to bring food to campus, there are kitchenettes with refrigerators located on all five floors of Grainger Hall near the elevators. All kitchenettes have microwaves and most have toaster ovens as well.
